

6-Step Conversion Funnel Cheatsheet:

Steal My EXACT Funnel For Turning Brand New Leads Into Happy Paying Buyers In Under 48 Hours

#1 - Create a short and fast-paced video squeeze page (3-min or less) that sells the viewer on “paying” for your free value (aka honey-pot) with their email address

#2 - Visually hand-hold your new lead click-by-click how to access your honey-pot training (HINT: This little extra touch skyrocketed my initial email open rate from 25% to 60%)

#3 - Craft a short pre-sell video (~5ish min) that gets them excited about the full honey-pot training (CLUE: anticipation marketing is the drug that keeps people wanting more)

#4 - Teach solid, useable and practical “How-To” for 75% of the video, and then sell the next step for the last 25%

#5 - Qualify in potential buyers using an application, and walk through each question to help them pull their own thoughts out of their heart

#6 - Cherry-pick through the applications and point happy paying buyers to your “acceptance page” that gets them taking fast action.

And Now For An Offer You Can't Refuse!

Hey – didja like this report?

It's actually a modified version of my Conversion Funnel Cheatsheet video training.

See, I have this 59-minute video training that expands upon each step of this cheatsheet.

In this video, you get to look over my shoulder and watch me go step-by-step through each page of the funnel so that you set it up the right way.

I normally charge \$97 for this course.

But I've Got Something Special I Think You'll Really Enjoy

Here's the deal.

I've spent thousands of dollars over the past year investing in training products, business opportunities, and coaching/mentorship...and I want you to steal that info from me for next to nothing!

And since you're a new subscriber, I'll give you a special offer ...

\$7 bucks.

And I'll help you reach your goals.

Here's what you'll learn:

*The first few minutes is where I'll give a 30,000 foot rundown of the full conversion funnel <--- I've had over 40 buyers come through this simple funnel and it took me less than a weekend to set up. You'll laugh at how many 'aha' moments you have after seeing this.

*In minute 7, I'll tell you my word-for-word video script that you can repurpose for your own video squeeze page. This is the first step to a high converting funnel, which is why I've included all my

templates and little hacks to setting this up right. (Hint: Having a prospect opt-in to your email list is just one transaction in a series of many that lead up to the buy --> I'll show you what those are).

*Next, you'll learn how to "prophet to profit," which is a simple tip that my 8-figure mentor, Mark Hoverson, taught me. Removing the creative burden on your buyers is the one the easiest ways to gain their trust (and win their business), and I'll show you how to use this type of executive communication in your funnel to skyrocket daily leads and sales.

*In minute 20, I'll teach you how big-time blockbuster movie franchises like Star Wars and Marvel use anticipation marketing to break box office records, and how you can use the same strategies inside your marketing to crank out blockbuster results. (Clue: Anticipation marketing is the drug that keeps people coming back for more).

*In minute 27, you'll discover the ingredients to a successful honey-pot training, so that your new leads will not only consume your content, but march (confidently) towards the checkout line. I call this "offering value in advance" and this one little trick can save your business.

*Then I'll chat about the power of using applications in your business. I'll reveal the 10 questions I used to selectively work with action-takers who add value to my life instead of working with complainers, losers and blood-sucking buyers that are a headache to deal with. (Hint: When you have posture in your marketing, more people will gravitate towards you because they perceive your time as precious).

*In minute 40, I rap about getting new buyers taking fast action on your products and/or services, so that you can create raving fans, winning testimonials, and a tribe of action-takers. My mentor told me there are 3 types of transactions that need to happen after the sale to build a growing business, and I'll share with those with you here.

You Get All Of This ...For A Tiny Fraction Of The Price!

Look. If I were to sell you this training for what it cost me, it would add up to hundreds of dollars... and it would be worth every penny.

But instead of doing that, I'm going to let you have all of it ...instantly ...for a one-time payment of \$7.

That's less than the cost of ONE Starbucks coffee!

Oh – and this isn't a teaser trial or anything like that. There are no hidden charges or fees involved.

You're just getting an incredible discount ...from a guy who prides himself on NEVER giving discounts.

This offer could expire at ANY minute.

Look. You've read this far. Just go ahead and give it a whirl. The worst that can happen is you get it, decide it's not for you, and I give you a refund. No big deal. (You don't even have to send anything back!)

But my guess is you'll LOVE this and you'll get WAY MORE value out of it then what I'm asking. So either way, YOU WIN!
